PNEUMATIC MAGNETIC BASE DRILL WITH NO ELECTRICAL COMPONENTS

The HMP45 is a portable pneumatic magnetic drilling machine with a cutting capacity up to 45mm diameter. The combination of pneumatic drive and permanent magnetic base eliminate the need of electric power supply thus making this machine an ideal solution in many hazardous environments such as oil drilling, mining industry and any areas that are at risk of explosion

The compressed air motor used in this machine is certified and meets the requirements for use in areas with a risk of explosion

What's new at Action Hire!!!!
